Subject: The CHSS thanks you

> Werner,

> My apology if this is a repeat but I'm not sure my email thank-you was sent.

> I do want to thank you for your participation in the CHSS ontology session.

> Your input was terrific and your explanation of tracking event very

> important for our clinical endeavours. You created considerable momentum

> among the group and it will be our challenge to move forward with what you,

> Barry & Doug initiated. I think you have given us the opportunity to expand

> our understanding of congenital heart disease well beyond the day-to-day

> clinical problems.
