

Freshman Discovery Seminar Program

Name: Sonal Patel

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 ⑤

I am interested in learning more about this topic. 1 2 3 4 ⑤

The presenter was interesting and informative 1 2 3 4 ⑤

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 ⑤

Additional Comments: _____

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Sarah MOISE

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 5

I am interested in learning more about this topic. 1 2 3 4 5

The presenter was interesting and informative 1 2 3 4 5

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 5

Additional Comments: interesting topic - I have never
heard of this before

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Stephanie Lucarelli

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 (5)

I am interested in learning more about this topic. 1 2 3 4 (5)

The presenter was interesting and informative 1 2 3 4 (5)

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 (5)

Additional Comments: I enjoyed Dr. Ceusters presentation, as
he really interacted with the class, and made the presentation
funny and interesting.

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Carly Hadjicostasgati

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 5

I am interested in learning more about this topic. 1 2 3 4 5

The presenter was interesting and informative 1 2 3 4 5

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 5

Additional Comments: I was a little confused, but
for the most part I found it interesting
but I never heard of this topic before.

Please complete and leave with instructor

Name: MIRRY Joo

Date: April 15, 2009

Presenter: DR. Ceusters

Topic: ONtology: Developing Systematic Approach to transitional
pharmacogenomic Research Data Collection

This Seminar provided new knowledge about current
research in this area 1 2 3 4 (5)

I am interested in learning more about this topic 1 2 3 4 (5)

The presenter was interesting & informative 1 2 3 4 (5)

The seminar made me want to explore additional
research options at UB in this area 1 2 3 4 (5)

Additional Comments.

Freshman Discovery Seminar Program

Name: Li Juan Zhong

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 5

I am interested in learning more about this topic. 1 2 3 4 5

The presenter was interesting and informative 1 2 3 4 5

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 5

Additional Comments: Good use of many examples to show your
points. This presentation made me think more
about the meaning of our data
of accuracy

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Don Adams

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 (5)

I am interested in learning more about this topic. 1 (2) 3 4 5

The presenter was interesting and informative 1 2 3 (4) 5

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 (5)

Additional Comments: _____

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: GISUNKIM

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 5

I am interested in learning more about this topic. 1 2 3 4 5

The presenter was interesting and informative 1 2 3 4 5

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 5

Additional Comments: It was interesting - didn't know what
ontology was

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Iwan Luo

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 5

I am interested in learning more about this topic. 1 2 3 4 5

The presenter was interesting and informative 1 2 3 4 5

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 4 5

Additional Comments: Interesting topic on ontology.

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Yasmin Chowdhury

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational
Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 (2) 3 4 5

I am interested in learning more about this topic. 1 2 3 (4) 5

The presenter was interesting and informative 1 2 3 (4) 5

This seminar made me want to explore additional research options at UB
in this area. 1 2 3 (4) 5

Additional Comments: _____

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Nina Gray

Date: April 15,
~~March 18, 2009~~

Presenter: Dr. Geusters

Topic: Ontology: developing a systematic approach...

This seminar provided new knowledge about current research in this area 1 2 3 4 ⑤

I am interested in learning more about this topic. 1 ② 3 4 5

The presenter was interesting and informative 1 2 3 ④ 5

This seminar made me want to explore additional research options at UB
in this area. ① 2 3 4 5

Additional Comments: _____

Please complete and leave with instructor

Freshman Discovery Seminar Program

Name: Tyler LaRose

Date: April 15, 2009

Presenter: Dr. Ceusters

Topic: Ontology: Developing a Systematic Approach to Translational

Pharmacogenomic Research Data Collection

This seminar provided new knowledge about current research in this area 1 2 3 4 5

I am interested in learning more about this topic. 1 2 3 4 5

The presenter was interesting and informative 1 2 3 4 5

This seminar made me want to explore additional research options at UB in this area. 1 2 3 4 5
